Zorgvliet Richelle

The Richelle is a wine created to embody "completeness". It is not meant to be the boldest, most expressive, intense and flamboyant wine in our lineup. With this wine we showcase the unique character of the Banghoek Valley by producing a wine with finesse that has a solid core of fruit, that is full bodied but with the elegance becoming of a wine made in a cool area. We blend our best batches to create a wine that is in harmony with itself.

Zorgvliet Cabernet Sauvignon

Whether enjoyed in its youth or aged to perfection in Zorgvliet's cellars, the Cabernet Sauvignon cultivar exemplifies the estate's dedication to crafting wines of distinction and providing wine enthusiasts with a true taste of the Stellenbosch terroir. It's no wonder that this grape variety is the backbone of the exceptional wines that Zorgvliet Wine Estate proudly produces.

Zorgvliet Cabernet Franc

Few wards in South Africa that can ripen Cabernet Franc properly like we do in the Banghoek Valley. Overripe and it becomes jammy - under ripe and it becomes herbaceous and vegetal. We use grapes from a single vineyard to create this delicate and harmonious wine. The wine has good length and richness right through to the finish. A dryish but lengthy finish.

Zorgvliet Merlot

The Merlot on Zorgvliet grows in shallow duplex soils that contains a dense layer of clay in the subsoil. This leads to concentration and causes this wine to often be mistaken for its heavier brother - Cabernet Sauvignon. The nose reminds of black cherry, plum and sandalwood, with a hint of boegoe. The entry in the mouth is smooth with good dark chocolate focus on the mid palate and a somewhat dryish finish. There is a tight midpalate focus. The wine is full bodied and rich and will reward some aging.

Zorgvliet Petit Verdot

What sets Petit Verdot apart is its bold structure, marked by high acidity and substantial tannins. This gives the wine excellent aging potential, allowing it to mellow and develop complexity over time.

When young, Petit Verdot wines can be quite powerful and may benefit from some aging to soften their edges and reveal their full potential.

Zorgvliet Cabernet Franc Rosé

The grapes were de-stemmed and lightly crushed. The juice was immediately pressed, (only the lightest pressings are used) and cold settled for 2 days at 8°C. Thereafter the clear juice was racked off its gross lees and transferred to stainless tank for fermentation. A delicate and dry rose' to accompany you on hot summers days. As the wine matures, it will develop more creaminess on the palate.

Our “Herenhuis” dating back to 1692, showcases our unique Cape Dutch architecture. Come and enjoy a wine-tasting and be part of history.

Our warm and welcoming Country Lodge offers guests an opportunity to truly experience the unique personality of the Stellenbosch winelands. Zorgvliet with its panoramic views of the mountains is the ideal location for the wedding of your dreams.

Our friendly function team can help you come and experience the magical ambiance of a braai under the stars, a picnic at the foot of the Simonsberg or a more formal occasion in our stunning Oakroom venue.

Zorgvliet Semillon

Semillon grapes are known for their thin skin and susceptibility to various vineyard influences, such as terroir and climate. When harvested early, Semillon wines tend to be light, crisp, and citrusy, making them perfect for fresh and zesty white wines. As the grapes ripen further, they can develop more complex flavors, including notes of honey, beeswax, and even hints of lanolin.

Zorgvliet Single Vineyard Sauvignon Blanc

The 3.2 ha block is situated on a steeply terraced South facing slope. The scion clone is Clone 11 (weerstasie) known for acid retention and expression of greener flavours. The elevation is 350m – this provides for moderate temperatures resulting in late, but slow ripening of fruit.

Zorgvliet Cap Classique

The grapes were crushed and destemmed. Only the cuvee fraction (first 550L/ton) was used from the press. Juice was cold settled and then fermented with a neutral yeast strain in old French oak barrels. After 3 months barrel aging on the yeast lees the wine was moved to tank and prepared for bottling. The wine spent a further 12 months in the bottle on the secondary fermentation lees before disgorgement.

Zorgvliet Sparkling Rosé

A carbonated rose' wine with a very light salmon pink hue, the Sparkling Rose' has a beautiful aroma of candy floss, boiled sweets and citrus blossoms that leads to a crisp sparkle on the tongue. This delightful bubbly has a fresh acid that perfectly balance out the natural sweetness.
